

WHEELBARROW KIT FOR DOLLY MAX

Optional wheel barrow handle increases the functionality of the cart. Includes 2 additional 56" posts with pins and brackets for quick install and release of the handles. Handles can be used as additional vertical or horizontal posts as well.

Contents:

Qty 56" posts with predrilled mounting holes

Qty 2 Black Hat Brackets

Qty 2 Yellow Hat Brackets

Qty 2 Locking Pins

Qty 2 6" cables

Qty 4 1/4" carriage bolts

Qty 4 1/4" washers

Qty 2 1/4" locknuts

Qty 2 1/4" nuts

Attaching Kit:

Wheelbarrow brackets should be installed on the inside panels of the cart. The black one should be located at the top and the yellow on at the bottom. Insert brackets from the outside of the cart. The tabs of the bracket should be outside the cart body. Black cable tie is secured to the cart body by placing one looped end into the carriage bolt before placing the carriage bolt in place - as seen in the pictures below.

To use - insert poles into the slot on the end of the cart and into the two new brackets inside the cart body. Insert locking pin when holes line up.
