

Saw Trax Carts

...the only dolly designed with the Sign Industry in mind.

Rack & Roll Safety Dolly

Available Models:

Rack & Roll Safety Dolly
SKU# BSD

Options:

2 Additional 56" Posts
SKU# DMP

Corner Bumpers
SKU# CB

Each wheel has a foot pedal break

The small footprint and huge carrying capacity of the Rack and Roll Safety Dolly is designed as a substrate carrier in the sign industry. Multiple types of sheet and/or rolled substrates can be carried simultaneously.

Made for mostly indoor use and built to perform, this dolly can carry 3 to 4 times the load of dry wall carts, all while being easier, faster and safer to load. With the eight 56" positionable posts, it is ideal as a rolling rack for sign shops to store material or move product to the printer or cutter.

The all-steel, US made, uni-body box has a solid base to carry up to 1000lbs. Based on the same steel platform as our yel-Low Safety Dolly, our Rack & Roll Safety Dolly features 3" locking stem and wheel casters. These casters are mounted to the corners of the dolly giving it more ground clearance than the yel-Low Safety dolly. When wanting the low profile of the yel-Low Safety Dolly, but needing the feature of locking casters, the Rack & Roll Safety Dolly is the perfect choice.

Specifications:

- 1000lb capacity
- Includes eight 56" posts
- 18 vertical and 8 horizontal post positions
- Easy to maneuver
- Zero turn radius
- Base: 30"L x 25"W x 9.75"H
- Weight: 100lbs

The U.S.-made 56" steel 16 gauge posts can be used vertically or horizontally to carry a variety of loads.
