

# Reacher Liberator

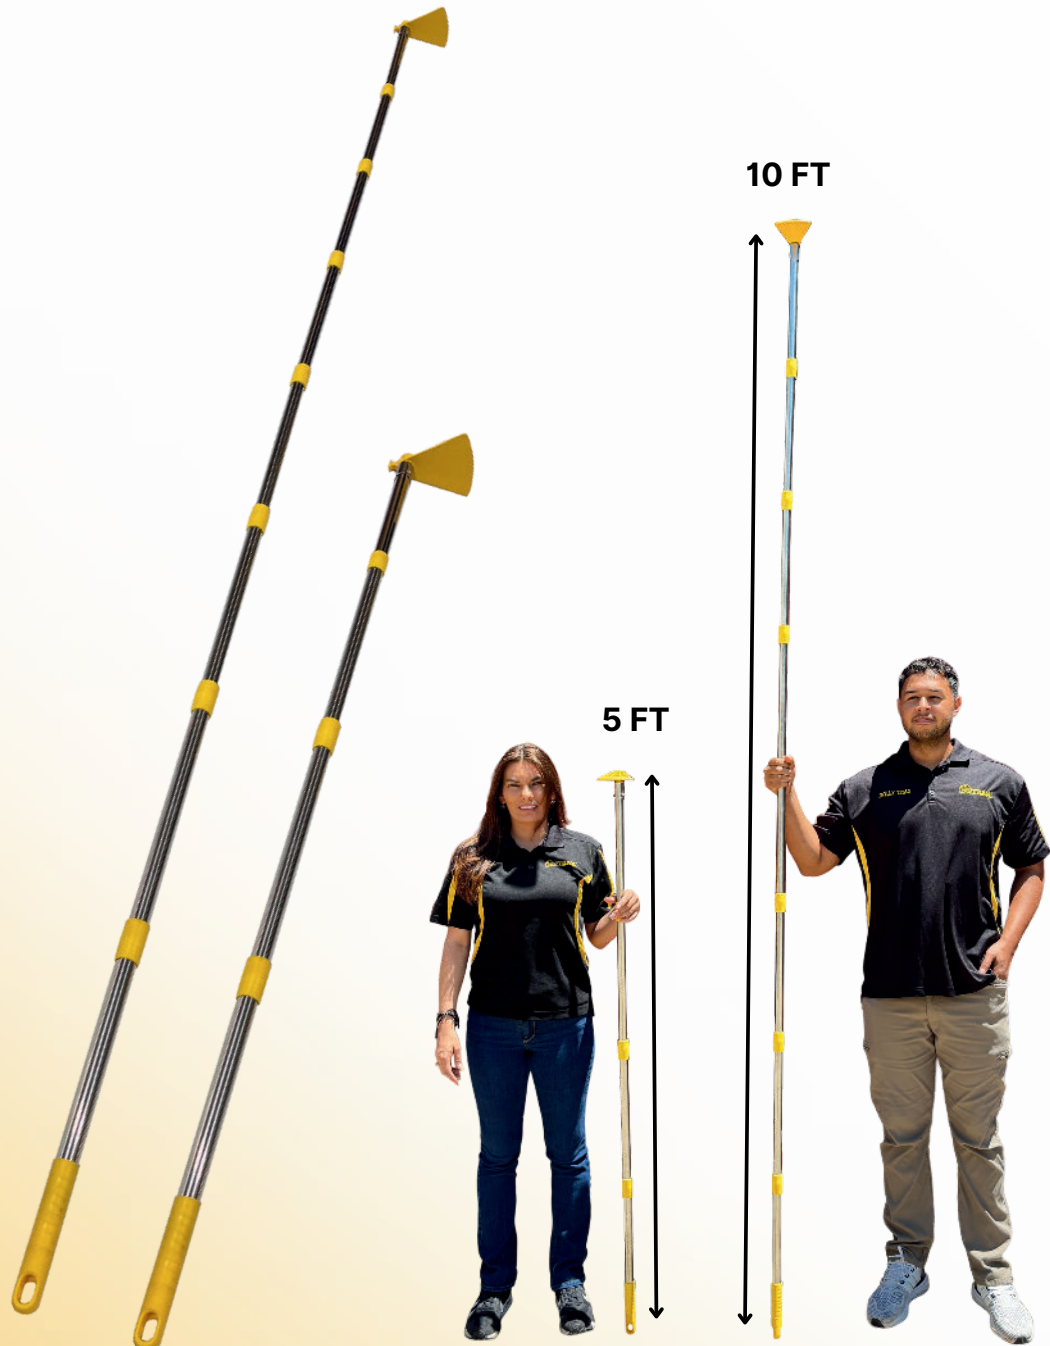

The Reacher Liberator is a **segmented pole** that is designed to tackle jams efficiently. Its segmented design allows for **customizable reach** and **cost-effective shipping**. This versatile tool delivers exceptional strength without the oversized shipping cost. The Reacher Liberator features the proven **Heavy-Duty Reacher Pull Pole End**. Available in 5' and 10' lengths.

The Heavy-Duty Reacher Pull Pole End is proven to reliably move heavy items.

Quickly and easily assemble by screwing the pieces together.
