

Reacher Liberator

Modular Jam-Breaker Pole for Conveyor Efficiency

The **Reacher Liberator** is a segmented jam-breaker pole engineered for fast, safe conveyor recovery. Its threaded stainless-steel segments let crews customize reach to 5 ft or 10 ft, while keeping shipping compact and cost-efficient. Each section locks securely for rigid control and ergonomic handling.

HD REACH POLE END:

Proven to move heavy items with precision & durability.

QUICK ASSEMBLY:

Screw segments together for instant deployment: **NO** tools are required.

Clears conveyor jams safely with extended reach to keep product moving.

Available in 5 ft and 10 ft lengths for varied warehouse applications.

Trusted by Shops, Warehouses & Fabricators Nationwide.
