

Vertical Panel Saws

SIGN Maker's Series

Makita Saw on Spinning
Insert + Dust Collection

Sealed Steel Roller
Bearings

Spring Hold Down

Stop Block with Bar

Product Description:

The Sign Maker Series saws are designed specifically for the multitude of materials used in sign shops. It includes a Makita 5007F circular saw on a Spinning Saw Insert Plate, a Spring Hold Down to help support thinner material, and the Pivoting Knife Insert Plate for cutting soft or thin materials such as Coroplast, foamboard, PVC, cardboard and more! Easily cut vertically or horizontally with the saw or knife.

This substrate cutter also features an industry-leading dust collection system. The Folding Stand is as easy to open and close as a ladder, yet provides complete stability while in operation. For portability and mobility, Transport Wheels are included. Both the vertical and horizontal Measuring Tapes help to ensure accurate cuts. The Stop provides the capability to make repetitive cuts, and the Bar on the Stop allows for cutting strips.

AVAILABLE COMPACT MODELS

50" Cross Cut **#C52SM**
62" Cross Cut **#C64SM**
