

Dolly Max AT

The ideal solution for many job site needs

Optimized for All-Terrain Performance

Carries Almost Anything on Terrain that Other Carts Can't!

The **Dolly Max AT** is built for demanding job sites where standard carts fail. It handles tear-out debris, sheet rock, lumber, fencing, furniture, mattresses, yard materials, and more with ease. Designed for versatility and control, it remains easy to maneuver and transport to any job site.

Base Model

MODEL DIFFERENCE:

The **Dolly Max AT** includes a **Caster Bracket Shelf Extension** and **Locking Handle Pins**, increasing load capacity from **700 lb** to **1000 lb** and improving control across uneven terrain.
