

Scoop Dolly

Effortlessly move tall and wide objects in any direction.

Fast, Easy, Safe, and Efficient.

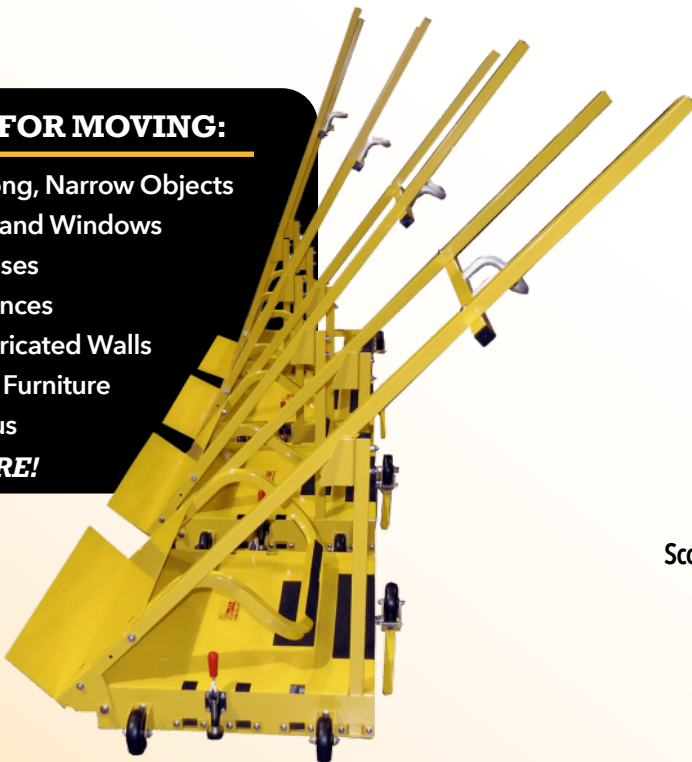

Move your heavy, tall, narrow and long products around your warehouse or onto a truck safely with just one person.

The **Scoop Dolly** operates like a pivoting hand truck on a dolly. Unlike standard hand trucks, the object can be moved in any direction, making long objects easier to move. The Scoop Dolly can be left alone once loaded and tilted into position. No operator is necessary to support the load.

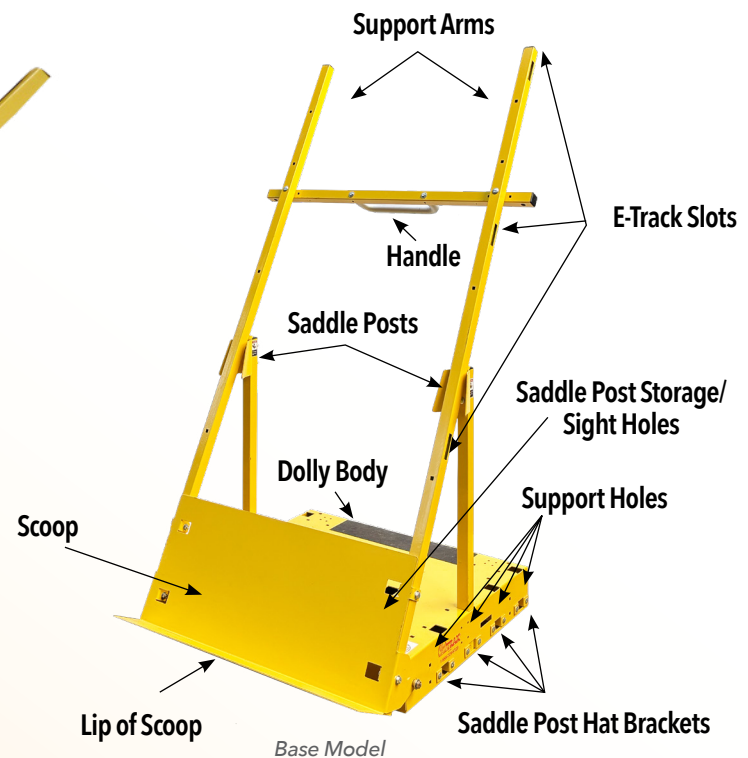

GREAT FOR MOVING:

- Tall, Long, Narrow Objects
- Doors and Windows
- Staircases
- Appliances
- Prefabricated Walls
- Boxed Furniture
- Bureaus

AND MORE!

Upright position for loading, featuring several tilt settings for moving items (displayed with optional add-ons)

Scoop Dolly Accessories

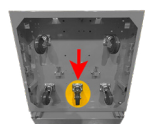

We offer a variety of accessories to fit your needs

Weight Upgrade

Increases maximum weight capacity from 800 lbs. to 1000 lbs.

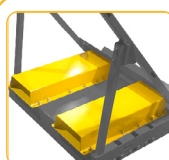

Two 1"x 4"s with rubber padding are added to the support arms of the dolly. (Available in 4' and 6' lengths.) An extra caster is added to the underside of the body.

Foot Leverage Bar

For easier tilting of large or heavy loads back onto the dolly, allows you to use your body weight to instantly create leverage.

Not Compatible with Folding Option

Forklift Channels

Quickly and easily load/unload a truck without the use of a loading dock. Ideal for large windows and doors.

Not Compatible with Folding Option or Directional Wheel

Dock Transition Wheels

For transitioning on uneven surfaces such as dock plates. Adds four wheels on sides of dolly, and a fifth caster on the underside of the dolly body.

Directional Wheel

Allows you to push instead of pull.

2-Piece Lip Package

Expands the capabilities of the Scoop Dolly. With either lip installed, height of the lip can be adjusted, ranging from flush with the floor to approx. 5' high.

Includes adjustable 30" lip and 72" lip.

72" Lip

A 72" lip plate to expand the capabilities of the scoop dolly, allowing for larger items to be moved.

Heavy Duty Puller Pole

Use this heavy-duty puller pole to help you to pull back tall objects being loaded onto the dolly. Includes clips which allow you to clip the pole onto the Scoop Dolly.

Folding Option

For folding the Scoop Dolly, allowing for easier storage. Adds a latch that can lock the base vertically to save space.

Brakes (Set of 2)

For stabilization, two built-in toggle clamps are added to raise the dolly and take the weight off the casters.

Outriggers (Set of 2)

Two 56" posts with swivel casters attached. Creates a greater area for the center of gravity of the tilted product, increasing safety during transport.

Shepard's Hook

Can be used to hook your product to pull it back and set it back vertically.

Horizontal Support Extensions

Gives your Scoop Dolly a wider, more adaptable support platform. The included 4' boards slide left or right to create up to 8 feet of continuous support.

Vertical Support Extensions

Increases the Scoop Dolly's reach to over 8 feet. Provides stability during loading, tilting, and transport. Keeps large items upright and secure.
